

This year, our US and Canada inbound students will experience program activities in both countries. All dates listed below are mandatory dates unless otherwise noted at “optional”. Students are required to schedule activities around these dates and failure to attend without an exceptionally good reason (example: medical emergency) will result in termination of the student’s exchange year.

- Inbound Orientation September 11-13, 2026, Narmata Centre, BC
- Ski Weekend December 11-14, 2026, Silver Star Resort, BC
- Winter Weekend February 5-6, 2027, Osoyoos, BC
- Outbound Orientation April 9-11, 2027, Narmata Centre, BC
- District Roadshow April 14-17, 2027, Various locations
- Rebound Weekend July 23-25, 2027 (tentative)

Rebound is an opportunity for students to share their experiences abroad with their families and peers. This weekend is encouraged by the district as it gives students and parents an opportunity to reconnect and to understand what emotions and behaviours and changes are normal. Both parents and students have found this weekend beneficial in re-balancing home life at the end of an exchange.
